

Hans Christian Kosasih

Computer Science Student — Cloud Computing

085371700727 | hanskosasih08@gmail.com | github.com/HCK116 | linkedin.com/in/hans-kosasih

SUMMARY

Computer Science student at BINUS University with an interest in Cloud Computing and hands-on experience through academic and personal projects. Familiar with Python, Java, JavaScript, web development, Git/GitHub, Google Cloud fundamentals, and basic deep learning. Experienced in event organizing, team coordination, fundraising, mentoring, and public speaking. Currently developing technical skills through projects and continuous learning.

EDUCATION

BINUS University <i>Bachelor of Computer Science</i>	Bandung, Indonesia 2024 – 2028
SMA Methodist Pematang Siantar <i>Science Major</i>	Pematang Siantar, Indonesia 2024

EXPERIENCE

HIMTI BINUS Bandung <i>Fundraising Coordinator</i>	Bandung, Indonesia 2025
- Led fundraising activities to support organization programs and events - Coordinated team members in planning and executing fundraising activities - Communicated with potential sponsors and partners to support fundraising initiatives	
HIMTI BINUS Bandung <i>Training Mentor</i>	Bandung, Indonesia 2026
- Served as a mentor for training programs for new members of the organization - Guided and supported new members throughout training activities - Worked with other mentors and committees to ensure training activities ran smoothly	
HIMTI BINUS Bandung <i>Master of Ceremony</i>	Bandung, Indonesia 2025
- Served as Master of Ceremony for several HIMTI events at BINUS - Hosted events and guided participants through event sessions and activities - Developed public speaking and audience engagement skills through event hosting	
SMA Methodist <i>OSIS – Event Committee Leader</i>	Pematang Siantar, Indonesia 2023 – 2024
- Led the committee for Independence Day event activities - Coordinated committee members during event preparation and execution - Worked with the team to ensure the event ran smoothly	

PROJECTS

EcoGreen – Waste Classification <i>Python, Deep Learning, MobileNetV4, YOLOv8</i>	2026
- Developed an AI-based waste image classification project focused on organic and recyclable waste categories - Prepared datasets and explored multiple deep learning models including MobileNetV4, YOLOv8, CNN, EfficientNetB0, and ResNet50 - Trained and evaluated models using classification performance metrics and analyzed the results - Independently handled dataset preparation, model training, evaluation, and project analysis	
Cashier System – Toko Telur <i>HTML, CSS</i>	2026
- Developed a simple cashier system for a small grocery shop with separate cashier and admin access - Designed product and transaction interfaces for the cashier system	

- Independently developed the main interface and implemented the core product and transaction features

Personal Portfolio Website | *Next.js, React, TypeScript, Tailwind CSS, Three.js*

2026

- Developed a personal portfolio website to showcase profile, technical skills, certificates, and projects
- Implemented interactive UI elements, animations, project details, contact form, and 3D visual components
- Customized the website with a focus on Cloud Computing and personal project presentation

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, SQL, HTML/CSS

Web Development: React, Next.js

Cloud: Google Cloud, Cloud Computing

AI and Data: Deep Learning, MobileNet, Basic Data Science

Developer Tools: Git, GitHub, VS Code

ADDITIONAL SKILLS

Soft Skills: Public Speaking, Team Coordination, Creativity, Client Relations, Customer Service, Vendor Negotiation

Productivity Tools: Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Canva, CapCut

AI Tools: ChatGPT, Claude, AI-assisted development

Languages: Indonesian (Native), Hokkien (80%), Mandarin (40%)

CERTIFICATIONS

Google Cloud Computing Foundations Certificate – Google Cloud — 2026

Python 101 for Data Science (PY0101EN) – IBM Developer Skills Network / Cognitive Class — 2025
